

As the cannabis market expands medicinal and recreational consumers have become savvy - demanding customized and accurate product information. BIPOC & LGBTQ+ consumers seek safe spaces to discuss their experiences. Medical professionals are requesting data and scientific justification to incorporate cannabis into care treatment plans while 68% of the population supports removing the stigmas associated with this historically healing plant.

Welcome to HolistiCann.

We are an Integrative “whole body” approach to cannabis use, combining mental health and physical therapy with professional care management services.

Our methodologies are supported with data analytics and telehealth technology via licensed clinicians knowledgeable in cannabis modalities.

We offer a stigma-free safe space for all - with focus on BIPOC & LGBTQ+ communities.

Cannabis Education, Care & Affordability

HolistiCann offers more than general information and a medicinal marijuana card currently offered on the market.

We are committed to providing quality healthcare and education to consumers and providers via databanks, state approved clinical cannabis certifications and networking opportunities.

Licensed practitioners operate within our network to ensure HIPAA compliant patient care on a cloud-based EHR platform – allowing for data ingestion, scientific analysis and insurance acceptance.

Scaling for Inclusion

Multiple Revenue Streams

- 3-tiered consumer service options
- Provider network inclusion
- Data analytic retainers
- Vendor royalties
